Explore beyond the ordinary with Bondex Mouldings

Trimwork does not need to be commonplace. Architectural trim should be expressive and convey the character of a building. Maple Mouldings can help you discover how to enrich, define and add style and beauty to a building or a specific space, without breaking the bank.

We have gained a reputation for providing unsurpassed quality in architectural moulding products and services. We're a leading North American manufacturer of traditional and contemporary mouldings, offering a wide selection of in-stock profiles as well as fast production of any custom profile. Using our expertise and state-of-the-art equipment, we can design or reproduce any moulding style quickly and accurately.

Our prefabricated shapes will add a touch of architectural elegance to any newly constructed building or one which is being remodelled.

Our products may be used to compliment surrounds of any exterior window or door opening, columns, ceilings, fireplace mantels, store displays, trade show booths, stage pops, lettering, corporate logos, graphics and much more.

Bondex Mouldings operates from a state of the art manufacturing facility, striving to be an industry leader in the most trend setting architectural moulding products, following today's modern technology.

Your Imagination is just the beginning. Our products have literally thousands of design possibilities both standard as well customized to your exact design criteria.

Bondex Mouldings stands behind our products with a commitment to our customer's complete satisfaction.

Our professional staff will be delighted to assist you with your design and provide you with a quote promptly.
